SECTOR SUBMISSION | Healthcare

Apex Pediatric Surgical

ID: SUB-MED-003 | Location: Austin, TX

Portfolio Overview

Proposal for the comprehensive reinsurance of **Apex Pediatric Surgical**'s asset base. This vertical-specific risk profile accounts for the operational volatility inherent in the Healthcare sector. Asset placement is optimized for tokenized capital markets via the Sovereign Re intake protocol.

TOTAL INSURED VALUE	$484,000,000
PRIMARY PERIL	Power Outage
UNDERWRITING VERTICAL	Healthcare

Detailed Asset Description

The schedule of values includes mission-critical facilities. Technical specifications for these assets are as follows:

PRIMARY OCCUPANCY	Healthcare Operations
CONSTRUCTION CLASS	ISO Class 6 (Fire Resistive)
YEAR BUILT/RENOVATED	2018 / 2024
PROTECTION GRADE	Highly Protected Risk (HPR)

Contractual Terms & Sublimits

All-Risk manuscript form inclusive of physical damage and subsequent business interruption.

EARTH MOVEMENT	$25,000,000
FLOOD (ZONE X/A)	$50,000,000
CONTAMINATION/POLLUTION	$5,000,000
EXTRA EXPENSE	$10,000,000

Risk Engineering & Loss Control

Loss control measures implemented to maintain an 'A' grade risk profile:

- Automated disaster recovery protocols with off-site redundancy.
- Seismic bracing for all non-structural components and mechanical systems.
- Real-time telemetry integration for environmental monitoring (Oracle-ready).
